Objective

To get involved in a company whose work aligns with my interests, allowing me to showcase my skills, improve learn and grow to provide me with a second technical career with a perfect work-life balance.

Summary

I do code in my free time and it has turned out that my free time coding has produced some cool products that people around the world love to use.

In Order to have a unified place for all my products, I founded "Gekay Job Solutions" back in 2015 when I was in 11th standard. I began by developing basic HTML web pages and later moved into developing Web Application and Penetration Testing. I am a Volunteer in Kerala Police Cyberdome. I am also a linux Enthusiast.
